By DOROTHY HALEY

Mrs. Myrtle Wester accompanied Mrs. Margaret Anderson of Amarillo and her mother, Mrs. Henry Meyer, to Carlsbad, N. M., Saturday to visit her sons, Ira and Jack Wester, and her granddaughter, Mrs. Patsy York, and her daughter and two sons. They attended the 25th anniversary of Mr. and Mrs. Jack Wester. Mrs. Meyer remained in Carlsbad for an extended visit with her daughters, Mrs. Jack Wester and Mrs. Erma Small. Mrs. Anderson and Mrs. Wester returned home Monday afternoon.

Walter Beavers, Dortha Stewart, Lucy Beth and Gail Miller of Dawn visited in the Arvin Triplett home Wednesday night.

Mr. and Mrs. Keith Poole, Mike and Ed, and Don Hawkins and Jimmy Dale Killingsworth spent the weekend at Red River.

Tommy, Loyd and Joe Triplett of Amarillo were Thursday evening visitors in the Arvin Triplett home.

Rowland Triplett of Claude was a Sunday dinner guest in the Arvin Triplett home.

Mrs. Roy J. Greer of Louisville, Ky. has recently returned home after visiting her daughter and family, Mrs. Dudley Moore, Jr.

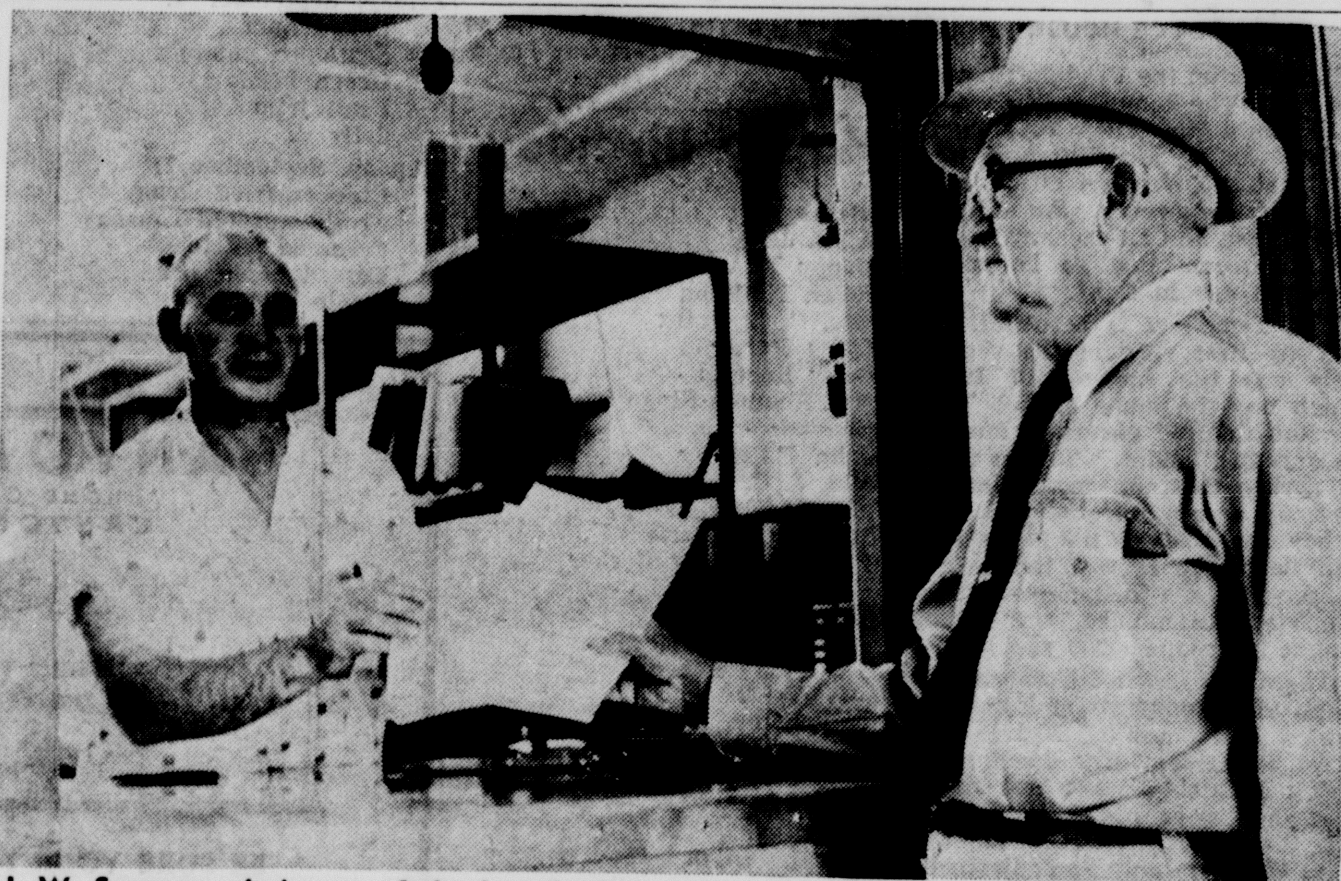

Miss Jean Moore of Alpine and her sister, Mrs. Inez Spears, were visitors in Canyon last week to look after business and visit friends. Miss Moore is a former Demonstration School teacher who is now a member of the social science department at Sul Ross State College.

Miss Carol Ann Holman left last week for Melrose, New Mexico where she will teach this fall.

Miss Isabel Robinson has returned to Canyon after a summer vacation trip to Canada. She also spent some time at the home of her sister in Missouri.

Mr. and Mrs. Fred Dickerson of Columbia, Mo. spent the weekend with Mr. and Mrs. O. W. Parker, Jr.

Dr. Edward Gerald and son, Jim, Continued on Back Page, Sec. 1

J. W. Spencer, chairman of the board of supervisors of the local Soil Conservation District, was on hand last week to buy the first batch of stamps issued in honor of soil conservation. Postal clerk Luke Miller, left, sold the stamps to Spencer. The stamp shows a farm displaying such soil and water conservation measures as terracing, stripcropping, pasture improvement, pond construction, and tree planting, with a silhouette of a city in the background. Issuance of the stamp is a tribute to farmers and ranchers who have put soil and water conservation measures to work.

Jaycees Seek Civic Support In Dispute Over County Line

Officers of the Canyon Junior Chamber of Commerce were to meet with other civic organizations of the city this week in an attempt to head off a move by the Amarillo Jaycees to annex part of Randall County.

Canyon Jaycees entered the squabble over South Amarillo Sunday night by sending a sharply worded letter to the Amarillo Jaycees condemning the Amarillo group's actions.

The Amarillo Jaycees have proposed moving the Potter County line 10 miles south of its present location along 29th Street in Amarillo.

Purpose of Move
Purpose of the move by Amarillo Jaycees is to annex enough land

so that Amarillo would remain in Potter County for the foreseeable future, Walter Wolfram, chairman of the Jaycees' public affairs committee, said.

Canyon Jaycees countered with a letter from the board of directors to the Amarillo group, calling the move "undemocratic."

The letter to the Amarillo group, sent to President Bill Zelman, said, "Since we are both members of a national organization, we are at a loss to know why you did not consult with us before undertaking this project."

"We felt an obligation to the people of Randall County to inform them of the disadvantages of living in Potter County, and we feel that when our people are in-

formed they will oppose annexation by Potter County.

Starts Dangerous Trend
"We feel annexation would start a dangerous, undemocratic trend of 'Mr. Big' taking from 'Mr. Little' and swapping small efficiency for big inefficiency."

"The Canyon Jaycees are investigating all possible means of opposing this project."

The Amarillo group claims it can force an election on the issue by obtaining petitions signed by 50 qualified voters from each county.

John Carlile, chairman of the Canyon Jaycees' civic affairs committee, said the Jaycees are now seeking the support of every civic organization in Canyon to combat the move.

Everybody's Battle
He said, "We're fighting everybody's battle," and could see no reason for not getting the anticipated support from local groups.

The Jaycees met Sunday night to draft the letter to the Amarillo junior chamber. Attending the board meeting were Doug Rittenberry, president, Carlile, Wayne Wirt, Mike Morris, Foy Langford, Don Singleton, Jerry LaGrone, Richard Pruett, and Crawford Ruthart.

Carlile said the group is setting up an educational campaign to block the proposed annexation. Details of the campaign are being worked out in committees.

Need 100 Signers
According to the Amarillo Jaycees, if 50 signers are obtained in each county, the county judges must call the election. A simple majority of voters in each county could authorize the legislature to move the county line.

Circulation of the petitions may be withheld until a court ruling on whether or not the enlargement of Potter County would be the creation of a new county or merely the enlargement of an existing county.

Amarillo Jaycees had not announced their next move late Tuesday.

City Secretary Herschell Stevens and Street Superintendent Archie Davis attended a luncheon Monday in Plainview and a demonstration of street sweepers.

He was on the school board when 14 or 15 one-room country schools were consolidated with the Canyon Independent School District before World War II and was on it again when the West Texas State training school was consolidated with the Canyon Public Schools in the early 1950's.

A member of the present board of elders at the Presbyterian Church, he has been elected counselor of the Third District of the Texas Medical Society twice, once in 1954 and again in 1959. He has also served as president of the local medical society and of the Panhandle District Medical Society.

The Nebletts live at 1100 Fifth Avenue. Charles, their son, is a junior at the University of Texas, where he is a pre-med major. Their daughter, Dorothy, is now Mrs. Kemper Perkins of San Diego, California.

The couple have no immediate plans for his retirement, except a visit to his boyhood home, Jackson, Tenn., where his two sisters live. They would like to visit the Caribbean in October, but have made no definite plans yet.

Johnson Pleads in Vain For New County Division

Commissioner C. Y. Johnson's plea for Randall County commissioners to consider redistricting the county fell on all but deaf ears at Commissioners' Court meeting Monday.

Only one commissioner, B. E. McCormick of Precinct 1, showed even faint interest in the idea. Commissioners Glenn Dowlen of Precinct 3 and Clarence Beckman of Precinct 2 showed no interest at all in the proposal.

McCormick, who represents the Canyon district, said, "I don't want anybody to get penalized. . . . You've got to show me where the people will be better off . . ."

Would Dominate Court
McCormick repeatedly asked Commissioner Johnson how the proposed redistricting would affect present precinct lines, saying that if redistricting were done according to population then South Amarillo would dominate the court.

Johnson, who is commissioner of South Amarillo's Precinct 4, said he didn't know how it would be done, but that it could be worked out.

In opening the discussion on redistricting, Johnson said, "We can't forever ignore this problem of redistricting. What was right for the county when it was organized, doesn't fit in this modernistic age."

Redistrict Or Else
At one point in the discussion, Commissioner McCormick said "it's a question of redistricting or giving them (Potter County) half the county."

Commissioner Beckman replied, "I'd rather give them that end of the county than redistrict."

County Judge Roy Joe Stevens said it wasn't a choice. "That's blackmail," he said.

Johnson did not have much luck getting the commissioners to consider hiring an appraisal firm for an appraisal of Randall County either.

Would Do Research
Only minor support was drawn from McCormick. McCormick said he "would be glad to spend a week or two weeks or whatever it takes to do research on hiring an appraisal firm." He would not consider employing outside appraisers without researching them thoroughly, however.

Both redistricting and the employment of an appraisal firm were recommendations made by

A public hearing on the proposed 1960 budget for Randall County was called for Tuesday afternoon by the county commissioners. The hearing, to which everyone is invited, will be held in Commissioners' Courtroom of the courthouse annex.

The Randall County grand jury last week to Commissioners' Court. The grand jury also recommended that commissioners institute a study of salaries being paid county officials and employees with the thought of raising Randall County salaries to the level of wages being paid elsewhere.

Approve Budget Here
Commissioners approved a 15 percent increase in budget appropriations to cover any salary increase they might pass out. In the grand jury report made last week, the jury recommended to the commissioners "that the four precincts as they now exist be changed and redistricted. The finding of the Grand Jury is that they are no equal as to representation according to population and revenue."

It further recommended "that immediate action be taken for the proper evaluation of all property in Randall County and that the

Commissioners Court have a qualified firm of appraisers to make a complete inventory and re-evaluation."

No Other County
Elmer Cummings, county auditor, said he did not know of any Panhandle county which had hired

an appraisal firm. Cummings also is auditor for several other Panhandle counties.

The commissioners agreed, however, that if a county which had hired appraisers could be found they would like to visit it.

In pushing the commissioners to consider redistricting and hire an appraisal firm, Johnson said he didn't consider it democratic for 75 percent of the people in Randall County to be represented on the court by one vote.

80 WT Gridders Greet Jarnagin

An 80-man squad — 41 varsity and 39 freshman gridders — greeted Coach Clark Jarnagin Tuesday as West Texas State opened 1959 football drills.

The Buffs will follow a tough two-day practice schedule until school registration September 15. They will continue one-a-day drills thereafter until the season inaugurated September 19 with Arizona State at Tempe. The Buffs open at home the following week in their new stadium with University of Arizona.

The big West Texas squad wasted little time with preliminaries in opening drills. Abandoning some of the customary conditioning work, Coach Jarnagin and his staff drilled the Herd on specific phases of football.

The big emphasis was on agility, maneuverability, blocking, and tackling among the linemen while the backs worked on execution of plays, start and stance, and pass cuts.

"We face the Border Conference favorite in our first game," commented Coach Jarnagin, "and we have to be in mid-season form early."

The Buff boss-man, in his second year at the helm, added that team spirit was high and a lot was accomplished in opening workouts.

For awhile any way, the freshman and varsity squads will be working separately. As the season nears, they will integrate because freshmen are eligible to play football in the Border Conference.

Much of Canyon to Close For Labor Day Observance

School will be conducted, but the majority of business firms in Canyon will close Monday in observance of Labor Day, it was announced this week.

Labor Day was selected as an official holiday by the Retail Merchants Committee of the Chamber of Commerce and most of the businesses in town will let their employees have the last fling of summer.

Surviving are his wife; three sons, Billy Joe Hunter of Amarillo, Tommy Hunter of Canyon and J. Ray Hunter of Arcadia, California; a daughter, Mrs. Jimmie Simon of Canyon; his mother, Mrs. Luella Richardson of Beaumont, California; two sisters, Mrs. C. F. Hefner of Amarillo and Mrs. George Thompson of Denver, Colorado; and 10 grandchildren.

He and his wife lived in Canyon since 1920.

He was born April 29, 1895, in Indian Territory of Oklahoma and was married to Johnnie Margaret Smith in Wetumka, Okla., December 12, 1919.

A veteran of World War I, he was a member of Amarillo Chapter 731 of the Masonic Lodge, Veterans of Foreign Wars, Legion, 40&8, Lions Club, and First Christian Church of Canyon.

He and his wife lived in Canyon since 1920.

Neblett Serves Community As Friend, Leader, Physician

By ANNELLE DUGAN

When a severe snowstorm struck the Panhandle in March, 1957, roads were blocked and communications were out in many places. Even snow plows were having difficulty getting through.

At the peak of the storm, an expectant mother at Wayside began having labor pains. Dr. R. A. Neblett, aided by national guardsmen and firemen, reached her after a day-long battle with the storm, only to find the labor pains had stopped.

That would be only one example of how Dr. Neblett, founder of Neblett Hospital, has served his neighbors and his community for the past 27 years.

Although he's now retired, Dr. Neblett's record as benefactor, public servant, minister to the sick, and friend will follow him all ways.

His service to the community was probably the chief reason he was unanimously selected as the first person to receive the Citizen of the Year Award given by the Chamber of Commerce. The award was made at a 1949 banquet.

Dr. Neblett began laying groundwork for the honor when he came to Canyon July 5, 1932, after finishing his internship at Charity Hospital in New Orleans. After opening office briefly over Thompson's, he moved his practice to offices behind T. A. Black's Dry Goods Store.

In those depression days, when he couldn't afford office help, he was his own secretary, nurse, and even janitor.

Biggest problem to him was maternity cases. Before the days of a hospital, doctors were frequently called to the home to deliver the child.

Dr. Neblett likes to tell of the time when he was called to attend a woman who was in labor with twins. After he had delivered the first child, he received a hurry-up call to attend another woman. Since he knew the other twin would not be born soon, he rushed

to the other lady, delivered her child, and made it back in time to deliver the second twin.

Opens Hospital
Neblett Hospital, which consisted of six beds and offices for two doctors, was opened in 1937. After being expanded four times, it now has offices for four doctors and 31 beds.

Dr. Neblett has said the only difficulty he faced in opening a hospital was wondering if he could make a go of it — if Canyon could support such a project.

The hospital was closed from 1942 to February, 1946, while Dr. Neblett served as a major in the United States Army. His tent-mate was Dr. C. R. Nester, one of the three doctors to whom he recently sold his interest in Neblett Hospital. The others were Dr. Leta Boswell and Dr. J. Manly Bryan.

Dr. Nester said there are no plans to change the name of the

clinic.

Dr. Nester tells of the time Dr. Neblett was drilling troops and was walking backwards beside the ranks to observe them. The tall doctor stepped into a foxhole, disappearing up to his chin.

After operating an evacuation hospital in the Southwest Pacific four years, Dr. Neblett reopened the hospital in 1946.

Under his guiding hand, the hospital received accreditation by the Commission on Hospital Accreditation, the highest rating a hospital can achieve. It was one of the first small hospitals to receive accreditation. The hospital is inspected every three years on construction of the building, proper administration, and adequate keeping of the patients' records.

Serves On Board
Other facets of Dr. Neblett's service to the community are his membership on the school board, in the First Presbyterian Church, and in Rotary Club.

He was on the school board when 14 or 15 one-room country schools were consolidated with the Canyon Independent School District before World War II and was on it again when the West Texas State training school was consolidated with the Canyon Public Schools in the early 1950's.

A member of the present board of elders at the Presbyterian Church, he has been elected counselor of the Third District of the Texas Medical Society twice, once in 1954 and again in 1959. He has also served as president of the local medical society and of the Panhandle District Medical Society.

The Nebletts live at 1100 Fifth Avenue. Charles, their son, is a junior at the University of Texas, where he is a pre-med major. Their daughter, Dorothy, is now Mrs. Kemper Perkins of San Diego, California.

849 Empty Desks in Texas

Texas youngsters have reached that time of year when they start keeping a sharp eye on the calendar. The opening of school will soon be here.

The beginning of another school year means many things to us all. To the parents, it signifies the child is growing up. To pupils, school means both work and play, mixed with joys and disappointments. To the general populace, it means tomorrow's citizens have returned to the task of preparing themselves for the responsibilities of the adult world.

School bells should bring another thought to our minds, although most Texans will remain complacently unaware of it. There are 849 empty desks in our classrooms that might have been used by boys and girls, between the ages of 5 and 19 (inclusive), except for one thing — they are dead.

Eight hundred forty-nine school age children in Texas died last year as a result of accidents. Accidents in the home, on recreational outings, intrajob and other areas, claimed the lives of these — Texas' most precious resource.

Think of it for a moment; did you know any of them? Will you know any of the approximately 800 who might be killed this year? Unless something is done about it?

What can be done? Frankly, we don't know. At least we don't know what can be done that will stem the tide immediately, but this much we do know: We can help you work to save the lives of those who are closest to you.

The Texas Safety Association has pro-

vided the Canyon News with a personal safety-education program which we believe will do much to help you save lives in the years ahead.

1. Educate your children in safe practices before they reach school age. This means more than just how to cross a street. Stop and think of the hazards around the home which you haven't mentioned. This is not a big job, but it cannot be accomplished in one sitting.

2. Find out if your local schools teach safety education, driver education and first aid. Safety education and first aid can be integrated into a child's instruction from the first grade on up. If your schools do not offer these courses, find out from your superintendent just what you can do to help. If they are offered, find out how they can be supported.

3. Work to get safety patrols for your schools, not only for street crossings, but in the buildings, on the grounds, and on the school buses.

4. Work with local service and civic clubs to support the traffic safety program carried on by your police department and traffic courts.

5. Take an active interest in your child's activities, and as they broaden in scope, teach, in a positive way, the safety "know-how" which the child needs.

If we, as thousands of individuals, will help in this work by doing these few things, then progress will be made.

If we do not help, then each year 800 or more Texas children will die for lack of help, just as they did last year and the years past. There may be one change though — your child may be one of them.

Face to Face Meeting

This newspaper recently rejected copy content for a full page ad, together with a request for our sponsorship and publication.

It was entitled "Please, President Eisenhower, Don't!", and contained a very emphatic appeal to halt plans for a face-to-face meeting between our President and Premier Khrushchev, during the Russian leader's proposed visit to America. The coming event has set off a chain of reactions among Americans who either approve or disapprove of the plan.

Whatever history may have recorded of Khrushchev's foul acts and attitudes of the past, the fact must be faced that he represents a force from which peace has not come easily.

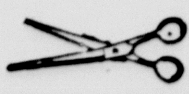

The leaders of the most powerful countries in the world are reflecting, in action, what amounts to an overwhelming demand that every possible avenue be explored that may lead to peace.

The cold war is not going to end overnight. Khrushchev is not going to suddenly wave the flag of capitalism, nor is our President going to embrace communism. But when men of opposed views meet face to face and talk frankly the chance for reaching an understanding so necessary to coexistence may be enhanced.

We have allowed such meetings among American and Russian artists, doctors, scientist and industrial leaders. Results of these meetings, so far as one can see, have been healthy. Both a new measure of respect and friendship have been gained.

What Our Neighbors Say...

Scissor Snippings

Ernest Joiner in The Ralls Banner: BREWERY GULCH, ARIZ.—This is where the sun shines 365 days a year, and there's moonshine every night. It is also the former stronghold of that knucklehead Cochise, and the present stomping ground of Bill Epler, editor of the Brewery Gulch Gazette. He, wife, Betty and Nancy, their teenage temptress, stopped hunting type lice long enough to show me the sights, of which there are a few. Of interest to the Boozie Brigade, Ralls chapter, is the fact that no man has ever been lost in the hills around Bisbee or left to die of exposure. When one gets to falling down, he automatically rolls down a hill and right into somebody's parlor, where he receives first aid. The whole area is honeycombed with copper mines, and I saw one mountain so hollow it has caved in like a bride's first cake. The town of Bisbee is dominated by the Phelps-Dodge Corporation, and it appears to be a "do-gooding" outfit. Its company store looks more like Hemphill-Wells of Lubbock than it does the storied spot where miners get their souls gar-

nished. Not long ago the union goons moved in and organized the workers. But under the new set-up they lost so many benefits the company formerly gave them that they're pretty mad about the whole thing. The Eplers are rock collectors, and have on display at the office a 19-pound hunk of jade found in Wyoming, valued at \$900. What a setting for a ring! I enjoy the sign in front of the Gazette: "Editor Usually In."

Jimmie Gellentine in The Hereford Brand: News that Hereford schools will not observe the usual Labor Day holiday created quite a flurry around town this week. Whether a majority of local firms will follow suit by remaining open was the chief point of discussion. Labor Day, Sept. 7, comes as late this year as it is possible for the holiday to occur — and this seems to have resulted in altered policies and opinions.

The thing that fooled me, was the fact that they didn't settle the steel strike before the scheduled holiday. All in all, it's a pretty rough deal on the strikers to miss

a paid holiday. In Hereford some will close, while others will remain open. Right now, no one knows how many either way. My guess is about 50-50.

George Dolan in the Ft. Worth Star-Telegram: A plump fellow stopped at Lawrence's Steak House at Comanche, pushed the menu aside and consulted a small book he took from his pocket.

"Do you have baked whitefish?" he asked the waitress.
"No, sir."
He looked at the book again.
"Any broiled pheasant?"
"No, sir."
He sighed with relief, pocketed the book and said, "Good. Then bring me a steak about this thick (he held a thumb and forefinger several inches apart) and lots of French fries."

The portly customer showed Lawrence the book before he left. It was a Tubby Hubby diet book. "I promised my wife," explained the diner, "that I would do my best to follow it."

I GIVE YOU TEXAS

Mountains of Tennessee So Tall A Boy Can Tickle Angels' Feet

By BOYCE HOUSE

Bristol is on the Virginia-Tennessee line. The boundary is a white mark down the center of a main street. As to jurisdiction, I was told that if a Virginia officer was pursuing a speeder, the officer could chase him all the way to the Pacific Ocean, just so he could keep the car in sight.

East Tennessee is beautiful. It was my first view of the region (this was the summer of 1958) which was the home of Bob Taylor, the fiddling governor, humorist and spellbinder, who was fond of saying that the mountains of East Tennessee were so tall that a boy could stand tiptoe on one and tickle the feet of the angels as they went winging over. For the statistical-minded, the actual height is around 4,000 feet.)

There is a great difference between the inhabitants of East Tennessee and those of Middle and West Tennessee. The dwellers in the mountains did not own slaves and they were pro-Union. After the Civil War, the East Tennesseans voted strongly Republican. It used to be said in Memphis that the votes were held back in East Tennessee until the returns from the rest of the state were in and it was seen how many votes were needed! It was true that the returns were slow in being reported but it took time for the election judge to ride a mule over the mountains to the county seat from which the results could be telegraphed.

★
Chauncey M. Depew, after-dinner speaker, senator, and railroad president, in "My Memories of Eighty Years" says of James A. Garfield:

"He happily carried with him amid all the struggles and disappointments, as well as successes, in the making of a career, the buoyant, hopeful, companionable and affectionate interests which characterize the ambitious senior who has just left college to take his plunge into the activities of life."

★
While Robert Louis Stevenson, then a young man, was in the old mining camps of California, he felt the influence of the free-and-easy humor about him to such an extent that touches appeared in his writings at the time. For instance, he told of a man who became a stage-coach robber. A doctor (Stevenson said) to whom the man went,

told him to take something — so he took the express company's money box.

Umbarger Catholics Hear Bishop Offer Mass at St. Mary's

Catholic Bishop John L. Morkovsky of Amarillo offered Mass in St. Mary's Church in Umbarger August 19 in commemoration of the 25th anniversary of St. Mary's Altar Society.

Bishop Morkovsky, the Rt. Rev. Msgr. W. F. Bosen, pastor of St. Mary's, and 25-year members of the society were guests at a breakfast following the Mass.

Bishop Morkovsky spoke on the importance of the Altar Society in the parish and diocese.

Mrs. Bill Bauer gave a brief resume of the society's 25 year history. She is society historian.

Washington Report

The 50th State

By Representative Walter Rogers
18th Congressional District

Last week the eight large islands of the Hawaiian archipelago officially became the 50th state of the United States of America. Since the Hawaiian archipelago is not joined geographically to continental America, the term U. S. A. would not be exactly right. However, viewing it from a political standpoint we feel the term is correct because Hawaii wants it to be that way.

Hence, there will be no need for a change of that term. The new state will be represented by two new senators and one new representative. Their names are Long, Fong, and Inouye. I have not had the pleasure of meeting the senators, but I have had several long visits with Daniel Inouye, who is the new representative. He is a very good friend of my good friend Mr. John Burns. Mr. John Burns is the former Hawaiian Delegate who piloted the Hawaiian statehood bill through the Congress.

Although I vigorously opposed the measure granting statehood to Hawaii, Mr. Burns and I remained good friends and I sincerely

hope we will continue to be. My opposition to the measure was based upon the political and economic problems involved and not upon personalities or emotional disturbances. Since the Congress has elected to admit Hawaii, it is my desire and my intention to do everything in my power to help it become a great state.

World War II Hero

Mr. Inouye is of Japanese descent. He served as a second lieutenant with the famed Hawaiian 442nd Infantry Regiment in World War II. He single-handedly neutralized two enemy machine gun nests at the cost of his left arm and wounds over the other parts of his body. He is most popular in Hawaii and will prove to be so in the Congress.

Senator Long was born in Altoona, Pennsylvania, on March 4, 1889. He has served in the school system of Hawaii, as director of public welfare, secretary of Hawaii, and governor.

The other Senator, Mr. Yau Leong Fong is of Chinese descent, a self-made millionaire and a former legislator on the local scene, having served in the legislature of Hawaii.

The people of Hawaii feel they have three able representatives in Long, Fong, and Inouye, and that the combination of Long to Fong to Inouye may prove as effective in the legislative halls as the combination of Tinker to Evers to Chance proved on the baseball diamond.

Equal Time

The House last week passed the Equal Time bill. Under the Communications Act, any radio or TV station permitting a candidate for public office to appear on their facilities is required to afford equal time to other contestants in that race.

This provision in the law had been under fire for a long time from the TV and radio industry. Many in these groups wanted to repeal the section outright. This would leave it to the discretion of TV and radio operators as to how they would handle political appearances. This could not be done without opening the door to possibilities of abuse and fraud and resulting scandals which could shake the industry more than the revelations of what had been going on behind the scenes in some of the bureaus in Washington.

Came To Head

The while matter came to a head when a perennial candidate in Chicago insisted he be given equal time with the mayor of Chicago who had been displayed on TV taking part in some official and semi-official activities. The matter was appealed to the Federal Communications Commission which ruled that under the law as writ-

Wayside News

By MRS. W. R. FRANKLIN
Union revival began August 23 with Rev. Fred Porter doing the preaching and Rev. E. A. Martin as song leader. Mrs. Martin is the pianist.

The children of Mr. and Mrs. J. W. Thomas of Tulia will honor their parents with an open house from 2 to 5 p. m. September 6 in the home of Mr. and Mrs. D. T. McGehee of Wayside. Friends and neighbors are invited to the golden wedding anniversary celebration. Children of the couple are G. E. Thomas of Amarillo, Leroy Thomas of Tulia, and Mrs. D. T. McGehee of Wayside.

Mr. and Mrs. Bill Allen, Gary and Kathy, have moved to Happy where Bill is employed by Harmon-Toles Elevator.

Mr. and Mrs. Dave Hughey of Amarillo were visitors last weekend in the D. T. McGehee home.

John and Dave McNeill, cousins, spent last week at 4-H camp at Ceta Glen.

Mr. and Mrs. Cortez McNeill, Dave, Dudley, Jimmie, and Timmie, are back from their vacation trip to Colorado Springs, Colo.

Mrs. Allie McNeill was visiting

ten, the perennial candidate was entitled to the equal time, even though the activities of the mayor were in an official or semi-official capacity and on a regular scheduled newscast.

The matter underwent long and exhaustive hearings before the Interstate Committee. The result was that the bill passed the House last week. This bill makes it possible for the people to receive the news regardless of what personalities might be involved, without subjecting the TV and radio stations to the inconveniences of having to afford equal time to others who might be seeking the same public office as some individual whose picture appeared on the TV station, on the news, or whose voice might have been heard over the radio.

We hope to agree with the Senate on final measure which will protect the people in being able to receive all of the news and at the same time prevent possible abuses in the use of the spectrum which belongs to the people.

Four 4-H Girls Enter Contests

Four Randall County 4-H girls entered records in district I contests, according to Mrs. Mona K. Hildreth, county home demonstration agent.

Records were turned in yesterday to the district agents' office in Amarillo.

Entering contests were Patricia Salmon, daughter of Mr. and Mrs. Marvin Salmon, clothing contest; Virginia Friemel, daughter of Mr. and Mrs. Alvin Friemel, dress review; Beatrice Wieck, daughter of Mr. and Mrs. Joe Wieck of Umbarger, poultry; and Sharon Cranmer, daughter of Mr. and Mrs. E. L. Cranmer, food preparation.

They are competing for scholarships, trips, and other prizes.

No boys entered the contests, according to John Brazzil, county agent.

Winners will be announced in late September or early October.

Sisters Visit Mrs. Schuette Are Feted at Buffalo Lake

A party at Buffalo Lake August 22 honored Eleanor and Jane Hull, who were guests in the Bill Schuette home. The two girls were visiting their sister, Mrs. Schuette.

Attending the lake party were Velma Frank, Gayle Rogers, Billie Jo Hutton, Jane Hull, and Eleanor Hull. The girls also attended the Lions Carnival.

Students at Northwestern State Teachers College at Alva, Okla., the two sisters arrived August 21. Jane, who is a secretary, left August 23, and Eleanor, a telephone operator, left last Thursday.

relatives in Canyon Thursday.

Mr. and Mrs. V. C. Hager, Jay, Martha, Eddie, and Debbie, were out Sunday visiting her mother and brothers, the McNeills.

Mr. and Mrs. W. R. Franklin were dinner guests last Sunday of Mrs. Mary Jenkins and Merle in Canyon last Sunday.

Richard Orr and girl friend, Miss Martha Morgan of Panhandle, were dinner guests last Sunday in the home of his grandmother, Mrs. Fannie Stevens.

"No need to schedule baths at our home," says Mrs. Dan Staggs, 100 East 15th St., Littlefield, Texas.

"We have ELECTRIC WATER HEATING!"

The Staggs family live in a completely all-electric home — their home, was, in fact, the first Gold Medallion home to be certified under the high standards set by the Medallion Home program. Electricity is doing a clean, dependable job for the Staggs. They like all their electric appliances and with 5 in the family, they appreciate, all the more, the abundance of hot water that they get from flameless electric water heating.

SPECIAL LOW RATES FOR WATER HEATING

Yes, ask your Public Service office about the special water heating rate. It makes electric water heating economical, too.

Wear Addresses School Meeting

Teachers are among the most important people in our democratic society, according to Bob Wear, who addressed the opening session of the workshop conducted Monday and Tuesday by Canyon Public School administrators and faculty.

"I say you are important because you have one of the most important jobs. If you are properly dedicated to the work that needs to be done, yours will be a valuable contribution to the common good," Wear continued.

Teachers are standing on the front line in the fight against the darkness of ignorance and all un-American and un-Christian ideologies. They are accepting an important role in developing boys and girls, "the greatest asset we have."

"The things you say and do and your general viewpoints are helping fashion the future of our nation and perhaps the world," Wear said.

He also stressed the importance of love in the classroom, saying that without love to create a climate of interest and integrity, teachers could not be as effective as the challenge demands.

Among other speakers at the workshop were Miss Dorothy Davidson of the Texas Education Association, Miss Helen White Moore, and Dr. Ruth Lowes, both of Canyon.

CHARACTER

Get into the habit of thinking pleasant thoughts - they may break into words any minute.

People with religion are folks who spend a portion of their time dealing in futures.

LEGAL NOTICE

NOTICE
The Zoning Commission of the City of Canyon will be in City Hall from 7:30 until 8:30 Friday, Sept. 11, 1959, for the purpose of a public hearing concerning the rezoning of the area from 22nd Street West on 4th Ave. one-half block North and South to 18th Street, from Residential Zone to Retail Zone.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION
Sealed proposals for constructing 1.504 miles of Gra., Strs., and Conc. Pavt. From S. 45th Ave. To Parker Street in Amarillo on Highway No. US 60 and 87, covered by U 60(17) in Randall County, will be received at the Highway Department, Austin, until 9:00 A.M., September 15, 1959, and then publicly opened and read.

Plans and specifications including minimum wage rates as provided by Law are available at the office of Byron Reese, Resident Engineer, Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved. 21t2

Youth Day To Be Observed Sunday

Youth Day will be observed at the First Presbyterian Church Sunday morning and evening. Three youths, Eugene Blasdel, son of Mr. and Mrs. Sherwood Blasdel, Judy Wilson, daughter of Mr. and Mrs. W. R. Wilson, and Charles (Chuck) Nester, son of Dr. and Mrs. C. R. Nester, will participate in the morning service.

The evening groups will meet according to departments. The high school group sponsored by Borden Price will meet at the Jarrett cabin at the Canyon City Club. Junior high students, sponsored by Capt. Phillip Harper, and the junior department members, sponsored by Mr. and Mrs. C. Petrucci, will meet at the church.

Miss Wilson and Mr. Blasdel returned Saturday from the Texas Youth Senate in San Antonio which met last week. Miss Wilson is the stated clerk of the Amarillo Youth Presbytery and Mr. Blasdel was local representative. Mr. Blasdel will also receive his God and Country award at the Sunday morning service.

Band Rehearsals To Start Monday

Rehearsals for the West Texas State College Buffalo Band, expected to boast 120 members this fall, will open here Monday. All day sessions before the fall semester opens Sept. 14 are expected to ready the band for early activities.

Dr. Ted J. Crager, who became director of bands in 1958, instituted a new precision marching step for the WT unit, and with double the 1958 membership, the colorful marching band is expected to draw wide acclaim.

New uniforms, featuring a West Point style complete with tails and shako and a Yale blue trimmed with WT colors, will be worn by the musicians this fall. The military style will fit the band's precision marching, and Dr. Crager said the uniforms will be "colorful and flashy, but not gaudy."

The band will have new practice quarters, too, with the opening of the new fine arts building, which houses music, speech, and art departments.

Band members are expected on the campus Sunday, when uniforms will be issued and a schedule of the week's practice sessions will be set. The early arrivals will stay

in campus dormitories and eat in the cafeteria, Dr. Crager said.

Students interested in joining the band, who have not been contacted, are requested to write or phone Dr. Crager in Canyon.

BIGGER, BETTER AND STILL GROWING

Saturday, August 29, was the date West Texas State College started using one of the most modern communications systems available.

This culminated months of planning and hard work by Virgil Henson, Business Manager of the College, and Leonard Ferrell, Special Representative of the Telephone Company.

With the new centralized telephone system, all departments of the College can be reached during business hours by dialing Olive 5-2161. This will be considerably easier than searching through a full column of listings trying to determine what number to call. Other advantages are a complete dial intercommunicating system, more efficient usage of outside lines, and a general savings in the time of people having occasion to call the College. Congratulations to all who had a part in the installation and planning of West Texas State's new telephone system.

PICK THE ROOM - - THEN THE COLOR

The other day, I was reading over a study made by the telephone company which showed that the kitchen and bedroom were the most popular locations for extension telephones.

It doesn't surprise me because a good number of our customers here in Canyon have ordered telephones for those particular rooms in their homes.

But perhaps you'd like additional phones in other rooms — the workshop, maybe, or the family room. All you have to do is pick the room where you want an extension, and then call the business office.

We'll be happy to help you select the color that fits the room — and within a few days you'll have a color extension to brighten your home and help you get more out of life.

Call by number. It's twice as fast.

MRS. WILLIAM GENE ROGERS

Lemons, Rogers Exchange Vows Saturday in First Methodist Church

The First Methodist Church was the scene of the wedding uniting Miss Suzanne Lemons, daughter of Mr. and Mrs. Ellis Lemons, and William Gene Rogers, son of Mr. and Mrs. Carl F. Rogers.

The Rev. H. Doyle Ragle, pastor, officiated at the double ring ceremony, read at 7 p.m. Saturday. The ceremony was performed before an altar centered by a gold cross with floor baskets of white gladioli and seven branched candelabra on either side.

Miss Betsy Callarman of Canyon, soloist, sang "Whither Thou Goest" and a trio, composed of Miss Callarman, Miss Melba Haile of Dumas, and Miss Nedra Fanning of Canyon, sang "Because" and "The Lord's Prayer." Mrs. Glenn Dowlen was organist.

Wear Organza Dresses

Bridesmaids were Miss Gayle Rogers, sister of the bridegroom, Miss Mayla Atkinson and Miss Judy Wells of Pampa, cousin of the bride. They wore Nile green silk organza dresses with a pleated bodice accented by bow in back and full skirts. Their headresses were of the same material. Each carried a cascade arrangement of pink asters accented with pink ribbons.

Miss Jeanne Whinnery was maid of honor. She was attired in a pink dress styled identically to those of the other attendants. Her bouquet of pink asters was accented with green ribbons.

Flower girl was Deborah Schrib, who was dressed in pink. She wore a wristlet of pink sweetheart roses.

Randy Lyles was ring bearer.

Danny Lee of Canyon was best man. Groomsmen were Billy Steen, Ronald Frank and Neal Lemons, brother of the bride, all of Canyon.

Sharing ushering duties were Dale Henry and Claude Money, both of Canyon, and Bill Morton of Lubbock.

Given in marriage by her father, the bride wore a floor length princess style dress. The fitted Chantilly lace bodice featured a Sabrina neckline highlighted by seed pearls and tapered sleeves extending to points over the hands. The bodice was accented by a satin bow.

Her veil of French illusion was attached to a headpiece of lace and pearls. She carried a crescent bouquet of white gardenias and frenched carnations tied with streamers caught in love knots.

The mother of the bride was attired in blue and white, and the bridegroom's mother was attired in tan. Mrs. Lemons wore a white gladiola corsage and Mrs. Rogers wore a pink gladiola.

Reception Follows

A reception followed in Fellowship Hall of the church.

Miss Sally Foster registered guests. Miss Wanda Rogers, and Mrs. Bill Morton of Lubbock served at the table centered with an arrangement of white gladioli and white carnations with green net and ribbon. Members of the house party were close friends and relatives.

For the short wedding trip to New Mexico, the bride traveled in a brown dress with antique gold accessories. She wore a corsage of white gardenias.

The couple will be at home on the J. B. Anthony farm southwest of Canyon after September 1. The bride is a graduate of Canyon High School and is a freshman at West Texas State College. The bridegroom is a senior at CHS. A rehearsal dinner was held at the Colonial Inn in Amarillo.

Boys Ranch Sets Dates for Rodeo

The sports event that has thrilled spectators annually for fifteen years . . . the rodeo at Cal Farley's Boys Ranch . . . will be presented in two performances, September 6 and 7.

Only boys participate in the action-packed events, including calf riding, junior and senior bull riding, bronc busting, trick riding, and specialty acts.

Showmanship and sportsmanship combine to make this rodeo one of the most unusual in the nation, and all the 251 boys at the ranch take part in staging the rodeo in some way.

Playing for both days will be the 40-piece Amarillo Air Force Base Golden Spread Band, under the direction of Chief Warrant Officer Guy Stone. A band arrangement of the new Boys Ranch Ballad will open each day's performance of the rodeo, followed by the traditional grand entry featuring Will Rogers Range Riders.

Between events, specialty acts featuring Boys Ranchers will be presented. These acts will present trick riding and comedy.

Performances will begin at 2:30 p. m. each day, and admission prices are \$1.25 for adults and 75 cents for children. Service men in uniform will be admitted for 50 cents.

Tickets may be purchased in advance at Boys Ranch Headquarters, 600 West Eleventh Avenue, Amarillo.

PAY DIVIDENDS

Gifts are the right thing for the holidays, but with a little kindness mixed in with them the year around makes them better.

Dealers Using Loopholes to Evade Drive Against Obscene Literature

Dealers who mail filthy material to minor children are attempting to evade the Post Office Department's drive to stamp out their racket by raising cries of "censorship," "freedom of speech," and "civil liberties", Postmaster Marion Higdon reports.

He said that these racketeers, reacting to the department's all-out war on them, are increasing their efforts to make use of "every loophole and trick they can find in the book to avoid punishment in the face of an increasingly aroused public."

In a recent report, Postmaster General Arthur E. Summerfield observed that lawyers retained by the dealers in obscenity "make a practice of hamstringing, delaying and confusing action until their clients often have gone free or received only small prison terms or fines."

"They are experts," the postmaster general emphasized, "at raising wounded cries about 'censorship,' 'freedom of the press,' and 'civil liberties.' And all too often, they are able to find willing pawns to take up their cry and carry on their battle for them."

The Post Office Department has appealed to the American public to recognize this "as the utter nonsense it is," pointing out that our society has many legal provisions aimed at protecting minor children from corrupting influences.

"It has been noted many times in testimony before Congress, and in public statements, 'Postmaster Higdon said, 'that we have laws setting a minimum age for buying alcoholic beverages; we forbid traffic in narcotics, and attach severe penalties when it involves minor children; and we set minimum ages at which children are permitted to drive automobiles."

"Do these have anything to do with civil liberties, censorship, or freedom of the press? Of course they do not — no more so than does the protection of our children from the poison of obscene literature."

Fortunately, Postmaster Higdon reported, the nation's press and American parents generally are "recognizing this smoke screen as sheer hypocrisy."

He warned parents not to be misled by these appeals set up by the racketeers who profit in the corruption of youth and often echoed by their pawns.

He urged every parent to gather evidence of such material when it is mailed to their children and to turn it over to him, with the covering envelope, so that the Post Office Department can intensify its cooperation with courts and law enforcement officers in the nationwide assaults on this racket.

MISS BERYL HIXSON

Miss Beryl Hixson Receives Degree

Miss Beryl Hixson received her Doctor of Philosophy degree in nutrition from Texas Woman's University at Denton in commencement exercises August 21.

Her dissertation was "A Study of the Supplementation of the Daily Diets of High School Students with Orange Juice." This study was begun in Sam Houston Junior High School in Amarillo in December, 1958.

Miss Hixson received her B.S. degree from West Texas State College and her M.S. degree from Iowa State University of Science and Technology at Ames, Iowa.

Miss Hixson has been on leave of absence during the past year from the Amarillo Public Schools, where she has taught vocational homemaking.

She is a member of Phi Theta Kappa, Alpha Chi, Kappa Omicron Phi, the National Education Association, and the American Home Economics Association. She is serving as president of the Texas Vocation Association.

In September, she will join the faculty of TWU as a member of the Research Division in Nutrition.

Fifth Graders May Choose Band Instead of Music

Students in the fifth grade must decide soon if they wish to take band this year or continue with public school music, according to Herman W. Demus, director of Canyon bands.

All students must take either band or music and must continue through the entire school year.

Classes in band will start next Wednesday. Students taking band are requested to have their instrument picked by that time. If any student needs help in selecting his instrument, he is requested to call Demus at either OL5-3921 or 3375.

TO THE POINT

The right kind of a sermon is short, but it still has a long reach in the right direction.

It's hard for some people to hear the call of duty as long as there is anything else worth listening to.

Think twice before you speak - it'll save you the embarrassment of eating your words later.

It's old age when the charm of living seems to lie in the past.

HOW BOUT THAT

Drawn for THE CANYON NEWS

REPORTER-AT-LARGE

EDUCATIONAL ADVANCES PROVE AMAZING; PICK GRID WINNERS

By OSCAR GRIFFIN

Advances being made in education... particularly at the grammar and high school levels... gets more amazing every year.

And the latest advancement is one which the youngsters will profit from for the rest of their lives. There are plenty of folks around today who wish they had had a little schooling on the subject.

Seems that the Internal Revenue Service has made inroads into the public school system and is now offering a course in income tax. Some 75,000 students were enrolled in the course last year, the tax men report, and more are expected this year.

All a school has to do to get the course is to say they want it and readin', writin', and 'rithmetic will give way to tax figgerin'.

Of course the Internal Revenue Service is making it easier all the time for folks to pay their taxes. The tax men have come up with the idea now of sending self-employed taxpayers a bill just like you get for water and electricity.

And it'll work just as if you are paying your light bill. You keep part of the bill and mail back all the money you can scrape up with the other part to the internal revenue men.

That the Internal Revenue Service is wondering about the reception the new pay plan will receive is obvious. The last lines from a recent news release from the service read:

"The Internal Revenue Service is naturally anxious to have taxpayers recognize that this is a bill and not an advertisement. They want part of the card back with the check that is due."

In a letter sent out from Boys

Ranch concerning the annual rodeo coming up this weekend, Cal Farley gave an indication of what the rodeo will be like.

"It looks like it is going to be a really good one this year," he said. "I watched the kids practice Friday when I was out there, and they have some pretty salty stock for practice. There's one bronc that is so mean he has to be blindfolded to keep him from biting the riders, and you may not believe it, but when he goes into action he growls while he's bucking."

"All in all, I think we're going to have some pretty fast action this year," Farley added.

If the rodeo stock is half as mean as that practice critter sounds, that statement about 'pretty fast action' may be the understatement of the year for publicity agents.

Anyhow, the rodeo's set for Sunday and Monday. It would be hard to find a better cause to spend your money on, and it promises to be quite a show.

Even though the mornings have gotten cooler, it doesn't seem possible that most of the football teams in this area will be opening their seasons this coming Friday.

The Eagles open at home in old Buffalo Stadium, where the squad will play its games until the West Texas Buffaloes christen the new Buff Stadium in a Border Conference clash with the University of Arizona.

The football season means that many crystal ball gazers will swing into action and try to figure the outcome of the weekend games days in advance.

Not to be outdone, here are my uneducated guesses:

Slaton at Canyon—Indications are that Slaton's Tigers will be "up" for the Eagles Friday. Coach Bill Davis said he expected to show up for the game, however. From here, it looks like the Eagles by a touchdown.

Dimmitt at Perryton—Dimmitt's district champions didn't play the Rangers last year, and they might wish they weren't scheduled this year. It's doubtful that they do, however, but it looks like Perryton winning a squeaker.

Dumas at Enid—Haven't seen a thing on Enid, so I'll just string along with the Demons for the heck of it.

Turkey at Happy—This could prove to be one of the top games of the week, because both teams are strong in their district. Happy's Cowboys beat the Turks, 7-6, last season, and it looks like a repeat in score this year.

Memphis at Tulia—Memphis did-

SOIL CONSERVATION DISTRICT NEWS

The Oliver Corporation in conjunction with the Randall-Potter Soil Conservation District will hold a field demonstration of one of their tractors, an earth mover, and a leveler Thursday, September 3 from 1:30 to 5 on the C. V. Conaster farm southeast of Canyon.

This demonstration was scheduled in August but because of unfavorable weather at other demonstration sites the date of the demonstration here had to be changed. This equipment can be seen in operation constructing terraces and planing between terraces.

Prizes will be given and cold drinks served by the Oliver Corporation.

School Officials Seek Parents Aid

Parents are being asked to cooperate in getting their children on the correct school bus by George Cristy, who is in charge of the buses.

"Many parents bring their children, especially first graders, to school on the first day and tell the kids to ride the bus home. Not having ridden the bus, the kids don't know which bus to ride, nor do we know which one to put them on."

Parents who bring their children

to school are being asked to contact Cristy or someone in the superintendent's office to get the number of their child's bus. The number should be given to the child's teacher.

Cristy explained that tags are put on children that ride the bus to school, enabling teachers and officials to see that children get on the correct bus.

Parents who have moved into the district recently are being asked to meet the bus on the old route the first morning, as drivers may be unaware that a family has moved in. The bus will pick up the children at the house after the first morning.

Sink or Swim... A 'Fishy' Story

Mrs. C. E. Thornberry, 605 Spring Street, Amarillo, has a problem. Her car thinks it is a fish.

Mrs. Thornberry, along with Mrs. Hattie Morrow, went fishing in the Palo Duro Creek recently.

As the two women were fishing, the car rolled down the bank and plunged into the water, which came up to the rear-view mirror.

Damage was estimated at \$150.

When School Opens

Ten New Teachers Will Join Ranks Of Canyon Public Schools Faculty

When classes begin in the Canyon Public Schools Friday, ten new teachers will take their place as members of the faculty.

Four will teach in high school, four in junior high and two in elementary school. New teachers are Mrs. Bill Knighton, Mrs. Billy Brown, Mrs. Joe Gibson, and Miss Alice Brotherton, high school; Robert S. Lair, Claude Money, Mrs. C. B. McClure, and Mrs. Bennie Woods, junior high; and Mrs. Henry Osborne and Mrs. Charlotte Slay, elementary school.

High School Teachers

A graduate of West Texas State College, where she received her B.S. degree this summer, Mrs. Knighton will teach mathematics at CHS. She has also attended Wayland College in Plainview. Mr. and Mrs. Knighton have three children.

A graduate of Canyon High School, Mrs. Brown received her M.S. degree with a major in business education in 1952 from WT. She will teach typing, shorthand, and stenography, coming to Canyon from Happy where she has taught since 1956. Mr. and Mrs. Brown are parents of three children.

Also a graduate of CHS and WT, Miss Brotherton taught last year in Pampa. Her father is principal of the junior high school. Miss Brotherton will teach girls physical education and coach girls basketball.

A position created by the new student teaching experimental unit will be filled by Mrs. Joe Gibson, who will teach English and social studies. A resident of Canyon for seven years, she is the wife of Joe Gibson, superintendent of schools. She received her M.E. degree from WT and has taught at WT and Amarillo Public Schools.

Junior High Teachers

Another graduate of CHS and

COOPER'S MARKET

WT, Lair taught last year in Hereford junior high school. The son of Mr. and Mrs. T. G. Lair of Canyon, he will teach junior high school science.

Money will teach mathematics in the sixth and seventh grades. The son of Mr. and Mrs. Bill Money of Canyon, he is a graduate of CHS and WT.

Mrs. McClure, a graduate of WT, will teach English. She has taught one year in Shamrock and has been a substitute teacher in the Canyon system. Her husband is director of the Panhandle-Plains Historical Museum. A daughter Cheryl Ann, is a junior in CHS.

Mrs. Woods received her M.S. degree from WT in August. She will teach physical education and health. The Woods live at Umbarger and are parents of two children, a girl and a boy.

Grade School Teachers

Mrs. Osborne will teach first grade. A graduate of WT, she has taught the past seven years in Panhandle. Mr. and Mrs. Osborne have three children.

A graduate of CHS and WT, Mrs. Slay will teach second grade. The daughter of Mr. and Mrs. Newton Crain of Canyon, she has not taught before this year.

Canyon topped the Tigers last year, 20-6.

Wide Open Affair

Local fans will see a departure from the up-the-middle offense used by the Eagles last season, when few passes were thrown.

The winged-T and lonesome end offenses are wide open affairs with plenty of passing and wide plays. Jerry Richardson and Jimmy Killingsworth will alternate at the quarterback and lonesome end slots, while Mike Poole and Jim Marrs will probably see action as halfbacks, and Chuck Nester will fill the fullback spot.

Also expected to start Friday for the Eagles are John Wear at end Tom Henderson and Jack Breittling at tackles, Zeke Clement and Bill Triplett as guards, and Bill Cornette at center.

TIP TO MOTORIST

Heed the signs while traveling on the highway—it's easier than taking directions from a nurse or undertaker.

Open House Set At New Stadium

Canyon and area football fans have been invited to attend an open house of West Texas State's new 20,000-seat football stadium Sunday, September 13, from 4 to 6 p. m.

Although the finishing touches are still lacking, the stadium will be far enough along to show fans the high points. It will be dedicated September 26 when Senator Lyndon Johnson delivers the main address at Fall Convocation and the opening football game will follow that night with the Buffs meeting the University of Arizona.

Some of the highlights of the open house tour will include the chair-back section with 1,358 seats equipped with electrical outlets; the best crosswalk in the U. S.; aisles wide enough for passage of two persons; a roomy, modern press box; spacious concession stands; and team dressing rooms.

There still are some tickets available in the chair-back section, according to athletic director Frank Kimbrough, but they are going fast.

"As we promised, contributors to the stadium will have first shot at the arm-chair seats but those persons must act now," he said. The chair-backs are located between the 42-yard lines on the east side and sell for \$3.50 each or \$17.50 for the season. Fans buying these seats will have the option of buying the same seats for the next 10 years.

Tickets for West Texas' five home games are available at the Fieldhouse on the college campus. After Arizona, other home attractions are Mississippi Southern, October 17; Hardin-Simmons, October 24; Drake, October 31; and Virginia Tech, November 7.

Wrights Attend Lubbock Funeral

Boyd Crooks of Lubbock, brother-in-law of Mrs. E. H. Wright, died of a heart attack in a Lubbock hospital Saturday night.

Attending the funeral Monday at Lubbock were Mr. and Mrs. Wright and Carroll, Mr. and Mrs. Don Wells of Canyon, and Mr. and Mrs. T. L. Loring of Tulia.

Special Meetings Set for C of C

Two meetings to discuss the proposals of redistricting and moving the Randall County line have been called by Jerry LaGrone, president of the Canyon Chamber of Commerce.

First meeting will be held tomorrow, when the C of C board of directors convenes in special session with B. E. McCormick, commissioner of Precinct 1, and John Carlile, chairman of the Junior Chamber of Commerce's civic affairs committee.

Wes Izzard, editor of the Amarillo Daily News, will be special guest at a luncheon meeting Friday noon for the entire membership of the Chamber of Commerce. The meeting will be held at the West Texas State College cafeteria.

Izzard will speak on the problems confronting the chamber on the redistricting and line change. Members of the Jaycees have been invited to attend the meeting, LaGrone said.

Members attending the Friday meeting will be expected to pay for their own meals.

AROUND TOWN

Continued From Page 1

will arrive tomorrow from Minneapolis, Minn. to visit his parents, Mr. and Mrs. Ed Gerald.

Mr. and Mrs. Roger Glandon and children visited relatives in Iowa and Kansas last week.

Mr. and Mrs. Chester Dowell and daughter have moved to Robert Lee, Texas where he will be the coach and she will teach in the public schools.

Mr. and Mrs. Oliver Grabbe and children returned last week from a two week vacation trip around Taos, N. M.

Mr. and Mrs. Harvey Beights of Dallas and H. H. Hayes of Alpine are guests in the Melvin Beights home this week.

Mr. and Mrs. Garland Cavitt and

LOSING BATTLE

Experience proves that the harder you try to please some people the greater will be your failure.

A discontented man seeking betterment is far better than a contented man who is satisfied to remain in a rut.

Kelly Leigh have returned to Dumas after spending the summer in Canyon while Mr. Cavitt attended summer school.

Kerry Franklin left Sunday for Pecos where he will teach chemistry and physics in the high school there.

Mr. and Mrs. Ray Fullerton attended the golden wedding anniversary of Mr. and Mrs. Floyd Cooper in Morton Sunday.

Mrs. Lee Foster and Sally vacationed in Dallas last week.

Clark and Alex de Schweinitz returned Tuesday from a two months' vacation in Warrenton, Oregon. They visited one week with their grandparents in Santa Rosa, Calif., on the way home.

Mr. and Mrs. Redmond Hand spent last week in Bartlesville, Okla., Fayetteville, Ark. and visiting relatives in Nebraska.

Mr. and Mrs. Jim Carter attended a family reunion in Hereford Sunday. The group met in the home of Mrs. Carter's sister, Mr. and Mrs. Ira Ricketts.

Miss Dorothy Higdon returned Tuesday from a visit with her aunt and family, Mrs. LaNelle Hig-

don, Barbara, Jo, Linda, and Sherman, at Abilene.

Mr. and Mrs. W. H. Harden and son, L. D. Harden, of Eunice, N. M., have returned from a two week's vacation in Gunnison, Colo. The Hardens also spent the weekend in Oklahoma City visiting friends and relatives.

Mr. and Mrs. Paul Lentner of Roswell, N. M., were recent visitors in the homes of Mrs. Lentner's mother, Mrs. Bertha Rhoades, and her sister, Mrs. Levi Cole.

Visitors in the Joe Crowley home Monday were their daughter, Mrs. Bob Goodwin, and her family.

Mrs. Mattie Vandergriff is visiting in the home of her son, J. D. Vandergriff, in Lubbock this week.

Mr. and Mrs. C. B. Chandler and his brother and wife, Mr. and Mrs. J. L. Chandler, of Sweetwater vacationed in the Taos and Santa Fe vicinity last week.

Podzemny Brothers Bank On Oliver Combines

Ed Podzemny poses beside the Oliver combine he was using last week to harvest grass seed south of Canyon. Ed claims there is "no comparison" between other machines and Oliver. He and his brothers, C. A. and Bob, own seven Oliver combines. Proof that Oliver gets the job done the quickest.

Harvesting Randall County Grama Grass seed is plenty tough on men and machines. But there is one way to make the job easier, as well as increase the seed take.

Just ask the Podzemny brothers—Ed, C. A., and Bob—who have been harvesting grass seed in the Panhandle area since 1953.

They now own seven Oliver combines, which attests to the versatility and durability of the machines. The Podzemny brothers use their Olivers everywhere, and speak highly of the results they have obtained with Oliver combines.

The Podzemny brothers, along with their brother-in-law, Ed Flugel, have compiled some outstanding records using their Oliver combines.

Ed Podzemny says they have "almost doubled our seed after we changed to Oliver." Although the brothers do not own any acreage for harvest, they are interested

in buying or sharing acreage. They can be contacted by calling Ed Podzemny's home at FL 6-4047.

The Podzemny brothers should know about the performance of Oliver combines as compared to other makes of combines. They bought their first Oliver in the fall of 1957, after trying other machines.

Ed Podzemny said there is "no comparison" between the Olivers and other combines.

The brothers have been harvesting grass seed year after year, but their best results have been with Oliver machines. In the Dumas area, Ed Podzemny harvested over 4,000 pounds of grass seed—that is 135 sacks—in one day.

"This year," Ed said, "we've harvested about 3,000 acres of grass, and we've put maybe 60 cents worth of parts on our machines." That speaks well for the durability of Oliver combines.

On Oliver machines, Ed Podzem-

ny also has compiled some outstanding records. He harvested a half section of maize in 44 hours, a record that would be hard to beat on another manufacturer's machine.

Ed Flugel, who said he was "born on an Oliver," has harvested 3,400 bushels of barley in one day with his Oliver.

These last two records speak well for the versatility and speed of Oliver machines.

There are many ways you could describe the advantages of Oliver machines, but the proof is in the performance of the combines.

And the combines which are used by Flugel and the Podzemny brothers are put through every kind of test imaginable every day.

These men, who make their living using the combines, know that it is performance that counts when they buy a new machine. That's why they choose Oliver every time.

TUESDAY

New Phone System In Use at College

A new centralized telephone system, tailored for the needs of the day and for years to come, went into use Tuesday at West Texas State College.

Designed to increase efficiency and decrease confusion, the centralized system is the brainchild of Virgil Henson, WT business manager.

Under the new system, persons calling the college have just one number to dial — OL 5-2161 — to reach any department or individual at the college.

The system, which will operate off a central switchboard located in the dean of women's office, will replace the individual telephones and listings used in the past by

the college.

Persons wishing to call a faculty member at the college now can dial the central number and ask for the person. The college switchboard operator will then dial the person's extension number.

"With the new centralized telephone system, all departments of the college can be reached by dialing Olive 5-2161," Al Leach, Southwestern Bell Telephone Company's district manager said. "This will be considerably easier than searching through a full column of listings trying to determine what number to call."

"Other advantages are a complete dial intercommunicating system, more efficient usage of out-

side lines, and a general savings in the time of people having occasion to call to the college," he added.

About 140 phones are connected to the central switchboard, and there is plenty of room for expansion, Leach said.

The system was researched and designed by Leonard Ferrell, special representative of the telephone company.

Ferrell worked closely with Henson in designing the system and in determining where to locate phones throughout the college. The system has been designed to meet WT's need for the next 10 years.

Only buildings at the college not affected by the central system is the residence halls. Numbers at Stafford and Randall Halls, however, have been changed. The new buildings and Buffalo Stadium can be reached through the college switchboard, Leach said.

THDA Committee To Meet Thursday

A state committee of Texas Home Demonstration Association will meet Thursday at 10 a. m. in the home of Mrs. R. A. Hodges, chairman.

Members of the state recreation committee will plan recreation and make preparations for the state THDA convention in Galveston September 16-18.

Expected to attend are Mrs. Bill Bourn of Kerrick, Mrs. Lee Goodin of Claude, Mrs. Earl Plank of Hereford, and Mrs. A. L. Behrends of Dimmitt.

Mrs. Hodges' home is at 2601 Seventh Avenue.

A small, energetic neighbor sat knitting a green sweater on our back porch the other evening: "Might as well have been knitting at midnight last night," she said. "I just couldn't sleep. I beat my pillow to a pulp. I tried all the tricks I know for relaxing. None of them worked."

In her case, probably, sleeplessness results from never letting go during the day. She is forever doing — making crocheted rugs, baking cakes, fashioning tin roses for Christmas wreaths out of used cans. She runs at a light trot all the time and allows herself to get in knots about unimportant details. She is constantly doing for others, too, often when she has no business doing anything at all, for her hands are badly crippled with arthritis.

An inability to sleep is not always the result of tension, however. Some folks can't sleep at night because they aren't sleepy. They either go to bed early or sleep quite late. Sometimes they nap during the day. Such cases of sleeplessness are not serious — they are just plain caught up on restin'.

We have long held that sleep will come when needed whether it is wooed or avoided. Those so-called lucky people who can take a short snooze after lunch before going back to the office may be fortunate and they may be tired. At least it works that way at our house. If we've had a good night's rest, we don't think of napping after lunch; if we've made a short night of it we can lose consciousness sitting in an easy chair.

Sleep, whether it's real slumber, dozing, drowsing, or napping, is a forgotten friend. We take it for granted, by its absence, it forces us to remember.

Fairview Breezes

By Mrs. J. W. Wesley

Mr. and Mrs. Charles Sutton were vacationing in New Mexico recently. They visited Mr. and Mrs. John Pool at Vann.

Mrs. Gifford Flowers of Tulia was in Canyon Wednesday getting a birth certificate for her brother Robert Langston, who is getting married in California Saturday.

Mrs. G. E. Wesley is using a cane after she fell and injured her hip while on her trip to New Mexico.

Woodrow Wesley and son Bowie were at the J. W. Wesley's Thursday.

Mr. and Mrs. G. E. Wesley visited Wednesday evening with the J. W. Wesleys.

Mrs. E. W. Schaeffer is still suffering from a broken bone in her ankle. She sustained the injury while at Carlsbad Caverns some weeks past.

Mr. and Mrs. H. H. Shipman went to Farmington, N. M., Friday to visit their son and daughter-in-law, Mr. and Mrs. Jerry Shipman. They returned home Monday.

Vergea Liston visited in Plainview Thursday.

Mr. and Mrs. Rayford Shipman will leave Thursday for Seymour where they will attend the Shipman reunion.

Darrell Wilson has a "new" used Pontiac.

The Tongue and Thimble Club will meet Thursday with Fern Wilson. New officers will be elected for the coming year.

The church voted to retain officers that served last year for Sunday School.

There will be a revival at our church this week. Charles Pierce will do the preaching, with Frank Rogers as song leader and Mrs. Pierce as pianist.

Mr. and Mrs. J. W. Wesley and Mr. and Mrs. J. D. Prosser and boys, John, David, Ronnie, and Randy, visited Sunday with the G. E. Wesleys.

Mr. and Mrs. Charles Wilson and children visited Sunday with the E. M. Wilsons.

The Tongue and Thimble Club had a picnic in the Charles Sutton's front yard. A basket lunch was spread, with ice cream for dessert. Attending were Mr. and Mrs. E. M. Wilson, Mr. and Mrs. G. E. Wesley, Serena Bryan, Vergea Liston, Tom Rogers, Mr. and Mrs. Melvin Schaeffer, Milton and Sherrel Ann, Mr. and Mrs. Rayford Shipman and children, Mr. and Mrs. Charles Wilson, Vickie Roger, Ernest, and Johnnie, Mr. and Mrs. J. W. Wesley, and the host and hostess, Mr. and Mrs. Sutton.

Mr. and Mrs. Richard Evans attended a family reunion at Lake Brownwood the past weekend.

Swatzell Brothers Elected To Professional Engineers

Phil and Jack Swatzell, partners in Swatzell Brothers of Canyon, recently were elected members of the Texas Society of Professional Engineers and of its Panhandle Chapter.

Both received Bachelor of science degrees from Texas A. and M. College. Phil received his in 1947, while Jack's was conferred in 1948. Both are registered in Texas as professional engineers.

New Law Alters 1960 Requirements For Saving Wheat History Acreage

County Office Manager Doyle Thomas of the Randall County Agricultural Stabilization and Conservation Committee has announced a change in the method of determining wheat history acreage for wheat farms on which the allotment is underseeded. The change is the result of a law which has just gone into effect and which is designed to help farmers who underplant protect their future wheat allotments.

Under the new law, a farmer who plants no wheat for 1960 harvest may still obtain maximum history acreage credit for 1960 if his actual planted acreage of wheat in either 1958 or 1959 — plus any acreage diverted from wheat under the Soil Bank or Great Plains program — was equal to 75 percent of his farm wheat allotment.

Must Meet Requirement
If a farmer does not meet this requirement and wants to get maximum wheat history credit for 1960, then he must meet the 75 percent planting requirement for 1960. In other words, by planting 75 percent of his wheat allotment in any of the three years 1958,

1959, or 1960, the farmer assures himself of full history credit for 1960.

In addition, a farmer who is prevented from seeding wheat for the 1960 crop because of unfavorable weather can preserve his maximum 1960 wheat history acreage credit if he notifies the county committee by December 1, 1959, (June 1, 1960, in spring wheat areas) and the committee makes an official determination of this fact.

Overproduction Law
There has been no change in the law or regulations relating to history credit for farmers who overproduce their 1960 allotments, Thomas said. The farmer who exceeds his allotment will receive history credit only for the allotment unless he stores his excess wheat or delivers it to the Secretary of Agriculture to avoid or postpone the marketing quota penalty.

Thomas urges farmers who have any questions about these provisions to consult the county office in the short time that remains before winter wheat planting.

Brazzil Issues Call For Fair Exhibits

John Brazzil, county agent, has issued a call for outstanding agricultural products to enter in the Tri-State Fair.

Anyone having grains, fruits, or horticulture exhibits is requested to call Brazzil. He will pick up the exhibits and display them in the county booth, which is under his direction.

Prize money will be given to the owners of the exhibits. Brazzil must have the exhibits by September 18.

Mrs. Mona K. Hildreth, county home demonstration agent, also urged 4-H club girls and home demonstration club members to enter exhibits.

You can boost yields
5 bushels per acre—
with a McCormick® Model M

Grain Drill

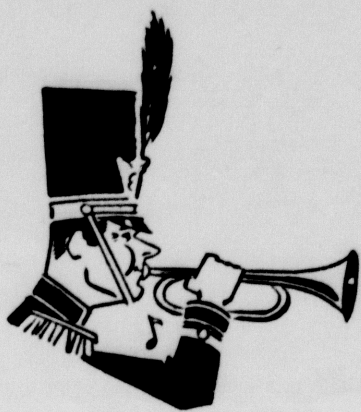

Three-year tests at a midwestern agricultural college compared broadcast seeding at the rate of 4 bushels an acre with drilling at the rate of 3 bushels per acre. Results: Average yield of drilled seed was 5.3 bushels per acre more than broadcast seeding!

Here are three reasons why you can get better stands and bigger yields with a McCormick drill: 1. Each of the feeds measures out exactly the same amount of seed; 2. You can regulate the seeding rate within ounces; 3. You can control seeding depth within a fraction of an inch.

We would like to tell you more about the drill and broadcast seeder comparison—and McCormick drills. Stop in when you're in town.

RAMBLING AROUND

Farmers Have Until Sept. 10 To File Reserve Applications

A good crowd of farmers attended the meeting on the 1960 Conservation Reserve Program held at the Farm Bureau office August 20.

We are sorry that we could not tell these farmers what they wanted to hear. The program is not as good—from the financial standpoint of a farmer—as it has been in the past. However, we want to encourage farmers that were, and still are, interested in the program to file applications for farm payment rates. Only then can a farmer decide if the program is worth his going into. We want the applications filed not later than September 10. Then if there is a change later on in the regulations that would permit higher payment rates, an application would be on file.

Certainly the program will fit some farms in the county. Especially where a farmer wants to turn some marginal cropland back to grass. This is the best way we know of to accomplish the job and at the same time realize some income from the land.

Several farmers have asked us lately what would be the effect of overplanting wheat allotments. Of course, since marketing quotas were voted in by the farmers, penalties would apply to the wheat crop. In addition, the overplanting of allotments will reduce the future allotments for the farm. This is a change from previous programs. We urge any farmer that might be considering overplanting his allotment to come by the office and discuss it with us.

We noticed in a recent publication that during the past 10 years the bill for marketing farm food products has gone up 64 percent—a period in which prices received by farmers have declined by almost 25 percent. Had farmers' prices gone up by the same percentage as marketing costs, consumers would be paying approximately double present prices for their food.

Side Views — The Board of Supervisors of the Soil Conservation District throwing a steak barbecue at Buffalo Lake August 24. Members of the Board are J. W. Spencer, Charles Conatser, Marshall Rockwell, Frank Begert, and R. C. Sampson. Woody Pond was the cook — Tom Gooch, Jr., Weldon

Hager, J. W. Spencer, T. T. Triplett, Carl Overton, and O. A. Smith making application for payment rates under the 1960 Conservation Reserve Program — Frank Begert installing an underground irrigation system under the Agricultural Conservation Program — Forrest Gruner telling us that benzoic acid was doing a good job in eliminating bindweed — Grass seed being harvested on M. A. Warren's ranch.

Local Holstein Sets Production Record

The Holstein-Friesian Association of America has announced the completion of an outstanding official production record by a registered Holstein cow owned by Richmond Hales of Canyon.

Hales Spotlight Lady Aggie produced 16,202 pounds of milk and 599 pounds of butterfat in 365 days on twice-daily milking as a four-year-old.

Texas A. and M., working in cooperation with the national organization, supervised the weighing and testing of production as a part of the Herd Improvement Registry program.

Jimmie Kuhlman has left Canyon for the University of Nebraska where he has a fellowship to work on his master's degree in animal nutrition.

Mrs. J. O. Green of Abilene visited her daughter and her family, the W. C. Jarnagins, over the weekend.

Mr. and Mrs. T. V. Crounse and Virginia returned late last week after visiting relatives and friends in the Fort Worth area.

Bob Wear addressed the Panhandle Rotary Club members Saturday night.

Miss Johnette Weeks will leave this week to assume her teaching position in Quanah High School, where she will be head of the girls' physical education department. The daughter of Mr. and Mrs. Ed Weeks, she received her degree this summer from West Texas State College.

Mr. and Mrs. George Stevens vacationed briefly in Ruidosa, N. M., Thursday through Sunday.

Coke Party Held For Miss Johnson

A Coke party for Ocoee Johnson was given Thursday night by Kay Jarnagin. The Lee Johnsons are moving to Oxford, Miss.

Ocoee was presented an autograph dog and address book. Every girl present signed the gifts.

Attending were the honoree, Bonnie Whittington, Ann Guthrie, Linda Gazzaway, Judy Roberts, Barbara Erwin, Lee Ruth Wiggins, Marion Henson, Marie Dowlen, Linda Troth, Sheron Evan, Ann Warwick, Jane Jarrett, Sarah Ragle, Cheryl McClure, and Kay Jarnagin.

Guests in the R. A. Hodges home over the weekend were a son, James W. Hodges, and family of Tulsa and a daughter and her family, Mr. and Mrs. Wayne Thomas of Hereford.

**John Deere RW Disk
Harrow**

The John Deere RW Disk Harrow promotes higher yields, bigger crop profits through better seedbed preparation. It is a heavy-duty, strongly built harrow that will do better work, in tougher conditions, and last longer. It's a simple harrow, too. In fact, there is only one adjustment, a leveling device to adjust it to different drawbar heights. Disk

gangs are set at a fixed angle—no changing, no adjusting when going from one field to another. Built-in weight pans and carrying wheels are regular equipment on all sizes. Oh yes—the RW has a price that makes it a bigger-than-ever bargain. See us soon for all the yield-boosting, money-saving facts on the John Deere RW Disk Harrow.
